11. Submitted to His Highness

In September 1913 the Deputy Commissioner of the Shimoga District proposed in concurrence with the opinion of the Municipal Council the appointment of a full-time Vice President with the status of an Amildar on Rs.200 plus Rs.50 per mensem, the cost thereof being met equally from the Provincial and Municipal Funds

2. On a suggestion from Government, the Deputy Commissioner agreed to the appointment for a period of one year of an officer with the designation of "Secretary on a pay of Rs.100 plus Rs.25, in addition to the Treasury Assistant Commissioner - Vice President But the Municipal Council disagreeing with this modification, desired to have a full-time Vice President for three years to start with on a pay of Rs 150 plus Rs 25 to be met wholly from Municipal funds

3. The previous decision of Government for appointing a Secretary was again referred to the Municipal Council for reconsideration and submission of proposals for filling up the place of the "Secretary"

4 Subsequently, during my tour in the district, the Municipal Council, supported by the Deputy Commissioner, represented that the appointment of a full-time Vice President with the status of an Assistant Commissioner was very necessary and that half the cost thereof might be met from State Funds and the Deputy Commissioner undertook to submit the case to Government with the names of three eligible officers to fill up the office.

Copy under Despatch I

Copy under Despatch II

5. Accordingly the Deputy Commissioner resubmitted the case, suggesting the names of the following officers for the place on a salary of Rs.250/- -

1. Mr. Mohiyuddin Sheriff, Amildar, Sagar.
2. Mr. V.S. Rajagopalachar, Amildar, Hassan
3 Mr Gulam Mahamad Meccai, Amildar, Arsikere

3 & 6 of Office Note.

6. The Second Member of Council was for selecting any one of the three officers named by the Deputy Commissioner, or any other eligible officer for the place of the Vice President, as the Municipal Council in a body were opposed to the appointment of a "Secretary"

5 of —d.—

7 Thereupon the matter was considered in Council and they are of opinion that a Senior Amildar with an allowance of Rs.50 per mensem may be appointed whole-time Vice President of the Shimoga Municipality The officer will be selected in consultation with the Deputy Commissioner

8 As Shimoga is a very unhealthy place, the arrangement proposed by the Council may be sanctioned and half the pay and allowance of the Vice President met from State Funds for a period of two years

Sir,

Adverting to the correspondence ending with your letter No. 4175 dated 24th November 1914 on the subject of the appointment of a Secretary to the Municipal Council of Shimoga, I have the honour to state that after receipt of the above communication I was making enquiries for the selection of the Secretary, but the matter took a different shape when it was discussed at a meeting of some leading Municipal Councillors of Shimoga called by the Dewan when he visited this place in January last. The Municipal Councillors asked for a reconsideration of the orders passed, and wanted a Full Time Vice President instead of a Secretary and I understood that the points urged would be further considered by the Government and that ~~I was after the receipt of orders be recommend and that~~ I was after the receipt of orders to recommend the names of two or three officers for the place of Vice President if the Municipal Councils' request should be

be sanctioned. I accordingly made a note on your letter of the 24th November 1914 that further action was to await the receipt of the notes of the Dewan's tour From the notes of the Dewan's tour which were received here in the month of May and which I was able to see after my return from leave in the month of June; I find that it is expected that the case is to be resubmitted by me

2 The matter has since been under discussion between myself and the present Vice President, Mr Gopalachar and I enclose a copy of his note dated 9th instant on the subject.

3. My own opinion in the matter is already known to the Government It would be a good thing for this Municipality if it can have the advantage of a Full Time Official Vice President of the grade of Assistant Commissioner for a couple of years But the Municipality cannot afford the entire cost of such an officer If the Government should be pleased to sanction half the cost from State funds, the original proposal of the Council may be sanctioned.

4 The arrangement that has already been sanctioned by Government is that the Treasury Officer should continue to be the Vice President and should be assisted by a Secretary on a salary of about Rs. 100+25. This has the -- advantage of maintaining the connection of an officer of the

19

Status of District Treasury Officer and 1st class Magistrate with the Municipal Administration, and also of being an arrangement which might be continued when a non-official Vice President is appointed in course of time. But the Municipal Councillors have been opposed to this, and if the Government are now kindly prepare to sanction the appointment of another Assistant Commissioner to be the Vice President, and to meet half the cost of his pay, I would request the favour of early orders to this effect.

5 As regards the selection of an officer for this post, I am addressing you a separate D O letter

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

N O T E.

A provision of Rs. 1500/- has been made in the current year's Budget for a superior administrative Officer for the Municipality and the Municipal Council seems to be desirous of getting a full time Vice President of the status of an Assistant Commissioner. It is presumed that a moiety of the pay of such an officer will be met by the Government, the Municipality contributing the other half for which this provision is intended. My experience of this Municipality though short, combined with the knowledge I have acquired of the other Municipalities I have served in, points to the immediate necessity of augmenting the menial and subordinate controlling staff of the Municipality rather than putting at its head a full time officer of the grade of an Assistant Commissioner who at best can only be expected to direct and guide the subordinates who have to bear the brunt of the actual work. For instance, the Council at present passes a resolution admitting the necessity of increasing the Municipal Revenue The Vice President is expected to take further action and for this purpose certain formalities have to be gone through after collecting the necessary statistics

Even if the Vice President be a full time officer he cannot do this work himself but will have to depend upon his subordinate officials Again the work of collecting the arrears of revenue is found to be backward The vice President can only put some pressure upon his subordinate collecting staff and direct them how to proceed but if the latter is inadequate in strength to cope with the work, any number of Vice Presidents will not improve matters Again a cursory glance over the town would show to an even overworked officer who could go round the town only once a month, what are the urgent needs of the town and he gets any amount of valuable suggestions not only from the members

of the Municipal Council and from the towns-people but also from the several Inspecting Officers of the Government from the Dewan downwards. I may therefore be permitted to -- mention that it does not require a full time officer of the grade of an Assistant Commissioner to ferret out the needs of the town. Theng are a legion and the want of funds is the only reason for not satisfying them all.

2. Besides the policy of the Government has unmistakably been laid down that these local institutions should be under the control of the Government officers only so long as the people are under training and that their representatives should be entrusted at the earliest oppurtunity with the management thereof even if they have got to muddle through it at the beginning

3. Taking all these facts, as also the immediate needs and resources of the Municipality into consideration, I am emphatically of opinion that what is needed very urgently is not a full time Vice President of the Assistant Commissioner's grade, but a revenue officer who would carry out implicity and faithfully the several directions and suggestions given by the President and the Vice President on the one hand and the Municipal Councillors on the other and manage the Municipal Office and relieve the President and the Vice President of the clerical work He may also be given a control over the Municipal subordinates employed in assessing and collecting the several items of municipal revenue This officer may get a pay of Rs 70/- with a proppect of its being raised to Rs 100/-, depending on his efficient work and he may be styled the manager of the Municipal office. I believe, this is the designation given to the corresponding officer in some of the municipalities with moderate income as ours, in the Madras Presidency where the Vice President's work is attended to by an honorary officer with the designation of "Chairman".

4. I may also point out that the Bangalore C and M.S. Municipality has only a Secretary to help the Collector who is the President and the Superintendent of Police who, I believe, is the Vice President.

5. The Public works executed within the Municipality are now estimated for by and carried out under the supervision of, the Sanitary Inspector who cannot possibly find time to do all that is expected of him in regard to the maintenance of the ~~exkmxxkxmm~~ sanitation of the town alone. The services of an efficient and capable Sub-overseer may be borrowed from the D P.W. to attend to the works now executed through the contractors and sometimes in Amani relieving the Sanitary Inspector of this work. He may be given a pay of about Rs. 40/- and he will be an assistant to the Vice President in matters connected with the public works, just as the Manager above referred to, will assist him in all matters connected with the Municipal revenue.

6 Next, one Sanitary Inspector is not at all enough to look after the sanitation of the town which has houses and roads spreading over 2¾ square miles. An Assistant Sanitary Inspector on Rs 25/- and at least half a dozen more sweepers on Rs. 7/- each, are absolutely necessary

7. The provision in the current year's budget for a superior administrative officer may immediately be utilised for the employment of the above mentioned three new subordinate officials. In conclusion I have only to submit that even if a full time Vice President is appointed he will not be able to get through the work without the additional superior staff mentioned above
